

Policy on Transportation-Facility Van GPW-GPE-SO-LC

The Facility van is available to transport residents on Tuesday and Thursday each week. Transportation is limited to 7 miles (one way) to shopping centers or medical centers. There is no charge for transporting residents who are ambulatory or otherwise do not require assistance after drop off. If the resident requires an attendant to accompany them, the charge for the attendant is \$25.00 per hour.

If the van is scheduled for a resident activity or outing no charge is required. The capacity of the van is 10 persons (maximum of 2 wheelchairs). Scheduled activity outings are noted in the Monthly Calendar.

Note: The van drops off the residents at the designated location and picks them up at the same location when the Medical Facility phones and informs us that the residents are available for pick up. In the case of a shopping center, the van will pick up at the designated location at a specified time.
